This event is for students and their families looking to join our Year 7 in September 2025.

What you can expect:

- Meet our Principal
- Opportunity to tour our school
- Talk to our students
- Musical performances
- Departmental activities
- School presentation

We'd love to welcome you at our school

Open Evening: 25th September, 5:30pm-7:30pm

Community is at the heart of what we do. Each student is a valued member of the academy and we take pride in giving them opportunities which will allow them to thrive as an individual, both academically and holistically.

Students receive a first-class education from our team of enthusiastic, dedicated teachers and our pastoral and support staff. We have high expectations of both ourselves and of our students, and we strive to develop their talents and help them succeed.

We offer a diverse and broad curriculum with both academic and vocational learning opportunities for all and a subject mix that both engages and inspires. We recognise the value of enrichment opportunities and a broad, bespoke and human approach to student development.

At our Open Evening you'll have the opportunity to step inside and see our school facilities, meet our teaching/support staff and speak to our students.

Come along to learn about our ethos, values, curriculum and the opportunities we create for our students. As part of Gosforth Group, and in addition to the first class education we provide our students from Year 7, post GCSE's we offer a seamless progression onto studying A Levels and BTECs at Gosforth Academy and Jesmond Park Academy.
