

Dear Parents/Carers,

On Friday 3rd November our school is joining a movement of schools across the UK uniting to raise cash for Stand Up To Cancer. Stand Up To Cancer is a campaign by Cancer Research UK and Channel 4, which unites the general public with famous faces, to raise cash for research, developing life-saving new tests and treatments.

We know that cancer will have affected most of our school community in some way and believe that it is important that we all unite to Stand Up against it.

Stand Up To Cancer believe that this generation can be the ones to take cancer down. Our pupils are problem solvers. Big thinkers. Get-out-and-do-something-ers! By doing their bit to fundraise, they will be helping Stand Up To Cancer save lives.

We'll be fundraising by Getting Orange-ified! Children can wear **orange outfits** for a suggested **donation of a silver coin** on **Friday 3rd November**. They could wear an orange t-shirt, pull on their brightest orange socks or really go for it with an outrageous orange wig, anything goes as long as it's orange, and the bolder they look, the better!

There will also be an opportunity for the children to buy an orange stand up to cancer band and/or an orange cake. Again for a suggested donation of a silver coin. Any orange cake/cookie donations are welcome.

100% of the cash we raise will go towards developing game-changing, life-saving cancer tests and treatments.

By working together, our school will be part of the generation who overthrow cancer.

Thanks for all your support,

Fordley Primary School
